

MAHESH PREFAB PVT. LTD.
(A UNIT OF MAHESH GRC)

Manufacturers of GLASS FIBRE REINFORCED CONCRETE

Manufacturers of GLASS FIBRE REINFORCED CONCRETE

BRIEF INTRODUCTION

Mahesh Prefab Pvt LTD was established Nine years back with following objectives:-

- To master the art of production & Erection of GFRC.
- To make aware the Architects & Builders the advantage of GFRC for use in projects.
- We acquired technical know-how of manufacturing GFRC from M\ S Fibre Technologies International Ltd. U.K and are thankful for the same.

INFRA-STRUCTURE

- Mahesh Prefab Pvt LTD has a ultra modern plant for manufacturing GFRC with a installed Capacity of 25-30 metric tones per day using both the Spray process and premix casting process.
- Mahesh Prefab Pvt Ltd takes turnkey projects including Supply & Erection and is having today a strength of approximately 150-200 workers for Erection of GFRC at various sites.

MAJOR APPLICATIONS of GFRC IN INDIA

- Presently the Main Application of GFRC in India is only for Architectural beautification of Buildings.
- GFRC elements like planters are used in landscaping.

GFRC Elements Used

- SCREENS
- CLADDING
